Our Gelato 3

CATEGORIES: Creating Flavors, Our Gelato · DATE: April 2013

Black Dog Gelato creates gourmet gelato and sorbets combining the artisanal process with inventive and intriguing flavors. Gelato is made fresh daily in small batches and begins with the simplest ingredients: milk, cream, sugar, eggs, freshly toasted nuts, seasonal fruits, and quality chocolates. We are committed to the traditional method of gelato making and aspire to create new flavor combinations for the modern palate.

The ugly truth! Product is made daily as to offer the freshest gelato possible; when we run out, we run out. Jessie changes her mind frequently and so no particular flavor is guaranteed to be available at any given time, but she will take requests!
